PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus. This summary does not contain all of the information that you should consider before deciding to invest in our securities. You should read this entire prospectus carefully, including the “Risk Factors” section in this prospectus and under similar captions in the documents incorporated by reference into this prospectus. In this prospectus, unless otherwise stated or the context otherwise requires, references to “Gryphon,” “Company,” “we,” “us,” “our” or similar references mean Gryphon Digital Mining, Inc. and its subsidiaries on a consolidated basis.

Overview

On February 9, 2024, we completed the previously announced merger in connection with the Agreement and Plan of Merger, dated January 27, 2023, as amended, by and between the Company, Akerna Merger Co., a Delaware corporation and wholly owned direct subsidiary of the Company (“Merger Sub”), and Ivy Crypto, Inc. (f/ka/a Gryphon Digital Mining, Inc.), a Delaware corporation (“Ivy”), pursuant to which Merger Sub merged with and into Ivy, with Ivy surviving as a wholly owned subsidiary of the Company (the “Merger”). Upon the completion of the Merger, our business ceased to be software solutions within the cannabis industry and became the business of Ivy.

We operate approximately 8,800 bitcoin ASIC mining computers, referred to as “miners,” that we have installed at third-party hosted mining data centers located in New York. Revenue generated by the mining of bitcoin is measured on a dollar per megawatt-hour (“MWh”) basis and is variable based on the price of bitcoin, the measure of difficulty, transaction volume and global hash rates.

We use approximately 28 megawatts of space at our primary hosting facility in New York, which relies on renewable hydro energy.

While we do not have any plans to acquire digital assets other than bitcoin, we may do so in the future.

RISK FACTORS

An investment in our common stock involves a high degree of risk. Before deciding whether to invest in our common stock, you should carefully consider the risks described below, in any subsequent Quarterly Reports on Form 10-Q and Annual Reports on Form 10-K, and in our other reports filed from time to time with the Commission, which are incorporated by reference in this prospectus, together with other information in this prospectus, the information and documents incorporated by reference herein, and in any free writing prospectus that we have authorized for use in connection with this offering. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could be seriously harmed. This could cause the trading price of our common stock to decline, resulting in a loss of all or part of your investment.

Sales of a substantial number of our securities in the public market by the Selling Stockholder could cause the market price of our Common Stock to fall.

The Selling Stockholders can sell, under this prospectus, up to 17,757,576 shares of Common Stock. The sale of all or a portion of the securities being offered in this prospectus, or the perception that those sales might occur, could depress the market price of our Common Stock, and could impair our ability to raise capital through the sale of additional equity securities. We are unable to predict the effect that such sales may have on the prevailing market price of our Common Stock.

A substantial number of shares of common stock may be sold in the market following this offering, which may depress the market price for our common stock.

Following this offering, a large number of shares of Common Stock may be sold in the market, which may depress the market price of our Common Stock. Sales of a substantial number of shares of our Common Stock in the public market following this offering could cause the market price of our Common Stock to decline. A majority of the outstanding shares of our Common Stock are freely tradable without restriction or further registration under the Securities Act, unless owned or purchased by our “affiliates” as that term is defined in Rule 144 under the Securities Act.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

- the other risks and uncertainties discussed under the section titled “Risk Factors” beginning on page 3 of this prospectus and in the documents incorporated by reference into this prospectus and a variety of other factors.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. SELLING STOCKHOLDER

Explanatory Note

On May 25, 2022, Anchorage Lending CA, LLC (“Anchorage”) entered into an Equipment Loan and Security Agreement (as amended on March 27, 2023, the “Anchorage Loan Agreement”) with Gryphon Opco I LLC (“Gryphon Opco”), an indirect wholly owned subsidiary of the Company, pursuant to which Anchorage loaned Gryphon Opco the principal amount of 933.333333 bitcoin (the “Anchorage Loan”). Gryphon Opco’s obligations under the Anchorage Loan Agreement were secured by certain equipment and software rights of Gryphon Opco and were guaranteed by Gryphon. As of October 24, 2024, Gryphon owed 304 bitcoin, valued at approximately \$18 million based on an average bitcoin price for the month of September of \$60,286.

On October 25, 2024, Gryphon, its direct and indirect subsidiaries, as applicable, and Anchorage entered into the Debt Repayment and Exchange Agreement (the “DPE Agreement”), Loan, Guaranty and Security Agreement (the “New Loan Agreement”), Form of Pre-Funded Warrant and Form of \$1.50 Warrant (together, the “Agreements”) to restructure the Anchorage Loan (the “Restructuring”) and terminate the existing Anchorage Loan Agreement. Pursuant to the Agreements, (i) approximately \$9.1 million of the Anchorage Loan was converted into shares of Gryphon common stock, par value \$0.0001 per share (the “Common Stock”), at an ascribed value of \$1.10 per share, resulting in the issuance of 8,287,984 shares of Common Stock to Anchorage in a private placement pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”), (ii) approximately \$3.9 million of the Anchorage Loan was converted into warrants to purchase 3,530,198 shares of Common Stock, which warrants are exercisable immediately, have a ten year term and an exercise price of \$0.01 per share (the “Pre-Funded Warrants”), in a private placement pursuant to Section 4(a)(2) of the Securities Act and (iii) the remaining \$5 million of the Anchorage Loan was exchanged for a new \$5 million loan (the “Restructured Loan”) pursuant to the New Loan Agreement.

Pursuant to the Agreements, Gryphon also issued Anchorage warrants to purchase 2,000,000 shares of Common Stock, which warrants are exercisable immediately, will expire ten years from the date of issuance and have an exercise price of \$1.50 per share (the “\$1.50 Warrants” and, together with the Pre-Funded Warrants, the “Warrants”). The \$1.50 Warrants were issued in a private placement pursuant to Section 4(a)(2) of the Securities Act.

The Restructured Loan and the Warrants cannot be converted or exercised, respectively, if Anchorage (together with its affiliates) would beneficially own in excess of 19.99% of the number of shares of Common Stock outstanding as of the date of the Agreements after giving effect to such conversion or exercise without the approval of Gryphon’s stockholders. Gryphon has agreed to seek such approval at its next annual meeting of stockholders. As of the date of the Agreements, Gryphon had 41,439,925 shares outstanding.

In order to induce Anchorage to execute and deliver the Agreements, we agreed to provide certain registration rights under the Securities Act and applicable state securities laws with respect to the shares of Common Stock issued or issuable thereunder.

Selling Stockholder

This prospectus relates to the sale from time to time by the Selling Stockholder of up to 17,757,576 shares of our Common Stock. When we refer to the “Selling Stockholder” in this prospectus, we mean the entity listed in the table below, and its respective pledgees, donees, permitted transferees, assignees, successors and others who later come to hold any of the Selling Stockholder’s interests in shares of our common stock other than through a public sale.

The Selling Stockholder may sell some, all or none of its shares. We do not know how long the Selling Stockholder will hold the shares before selling them, and we currently have no agreements, arrangements or understandings with the Selling Stockholder regarding the sale of any of the shares.

The following table presents information regarding the Selling Stockholder and the shares that it may offer and sell from time to time under this prospectus. The percentages in the table below are calculated based on 51,808,806 shares of common stock outstanding as of November 25, 2024.

Name of Selling Stockholder	Shares Beneficially Owned Prior to this Offering⁽¹⁾	Maximum Number of Shares Being Offered Pursuant to this Prospectus⁽²⁾	Shares Beneficially Owned After this Offering⁽³⁾	
			Number	Percent
Anchorage Lending CA, LLC	17,757,576	17,757,576	0	0%

- (1) Beneficial ownership is determined in accordance with the rules of the Commission and generally includes voting or investment power with respect to securities.
- (2) Pursuant to Rule 416 under the Securities Act, the shares of common stock being hereunder include such indeterminate number of shares of common stock as may be issuable with respect to the shares of common stock being registered hereunder as a result of stock splits, stock dividends or similar transactions.
- (3) Anchor Labs, Inc., the parent of the Selling Stockholder, has voting and investment power over these securities. The business address of Anchor Labs, Inc. and Anchorage Lending CA, LLC is P.O. Box - One Embarcadero Center #2409, San Francisco, CA 94216.

Issuances of our Common Stock to the Selling Stockholder will not affect the rights or privileges of our existing stockholders, except that the economic and voting interests of each of our existing stockholders will be diluted as a result of any such issuance. Although the number of shares of Common Stock that our existing stockholders own will not decrease, the shares owned by our existing stockholders will represent a smaller percentage of our total outstanding shares after any such issuance to the Selling Stockholder identified herein.

USE OF PROCEEDS

The Common Stock to be offered and sold using this prospectus will be offered and sold by the Selling Stockholder named in this prospectus. Accordingly, we will not receive any proceeds from any sale of shares of Common Stock in this offering, although we will receive the exercise price of any Warrants not exercised by the Selling Stockholder on a cashless exercise basis. We will use such proceeds, if any, for general corporate purposes, including without limitation, capital expenditures, funding potential acquisitions of additional new mining equipment, other potential acquisitions, investments in existing and future Bitcoin mining projects and general working capital. Our management will have broad discretion in the application of any proceeds from the exercise of any Warrants.

We will pay all of the fees and expenses incurred by us in connection with this registration.

PLAN OF DISTRIBUTION

The Selling Stockholder of the securities and any of its pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on The Nasdaq Capital Market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the Selling Stockholder to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Stockholder may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholder may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholder (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Stockholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholder may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholder may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholder and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. The Selling Stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the Selling Stockholder against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the Selling Stockholder without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholder will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the Selling Stockholder or any other person. We will make copies of this prospectus available to the Selling Stockholder and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

Our Common Stock is quoted on The Nasdaq Capital Market under the symbol “GRYP.”

DESCRIPTION OF SECURITIES

The following summary of the rights of our capital stock is not complete and is subject to and qualified in its entirety by reference to our Charter and Bylaws, copies of which are filed as exhibits to our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the Commission on April 1, 2024.

As of November 25, 2024, our authorized share capital consists of 150,000,000 shares of Common Stock, \$0.0001 par value per share, of which 51,808,806 shares of common stock are issued and outstanding, 5,000,000 shares of Preferred Stock, \$0.0001 par value per share, of which no shares of preferred stock are issued and outstanding. We are a Delaware corporation and our affairs are governed by our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws. The following are summaries of material provisions of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws insofar as they relate to the material terms of our common stock. Complete copies of our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws are filed as exhibits to our public filings.

Common Stock

All outstanding shares of common stock are of the same class and have equal rights and attributes. The holders of common stock are entitled to one vote per share on all matters submitted to a vote of our stockholders. Subject to the prior rights of all classes or series of stock at the time outstanding having prior rights as to dividends or other distributions, all stockholders are entitled to share equally in dividends, if any, as may be declared from time to time by the board of directors out of funds legally available. Subject to the prior rights of creditors of Gryphon and the holders of all classes or series of stock at the time outstanding having prior rights as to distributions upon liquidation, dissolution or winding up of Gryphon, in the event of liquidation, the holders of common stock are entitled to share ratably in all assets remaining after payment of all liabilities. The stockholders do not have cumulative, preemptive rights, or subscription rights.

Preferred Stock

The board of directors is authorized, subject to any limitations prescribed by law, without further vote or action by the stockholders, to issue from time to time shares of Preferred Stock in one or more series. Each such series of Preferred Stock shall have such number of shares, designations, preferences, voting powers, qualifications, and special or relative rights or privileges as shall be determined by the board of directors, which may include, among others, dividend rights, voting rights, liquidation preferences, conversion rights and preemptive rights. Issuance of Preferred Stock by our board of directors may result in such shares having dividend and/or liquidation preferences senior to the rights of the holders of our common stock and could dilute the voting rights of the holders of our common stock.

Prior to the issuance of shares of each series of Preferred Stock, the board of directors is required by the Delaware General Corporation Law, and our certificate of incorporation to adopt resolutions and file a certificate of designation with the Secretary of State of the State of Delaware. The certificate of designation fixes for each class or series the designations, powers, preferences, rights, qualifications, limitations and restrictions, including, but not limited to, some or all of the following:

- the number of shares constituting that series and the distinctive designation of that series, which number may be increased or decreased (but not below the number of shares then outstanding) from time to time by action of the board of directors;
- the dividend rate and the manner and frequency of payment of dividends on the shares of that series, whether dividends will be cumulative, and, if so, from which date;
- whether that series will have voting rights, in addition to any voting rights provided by law, and, if so, the terms of such voting rights;
- whether that series will have conversion privileges, and, if so, the terms and conditions of such conversion, including provision for adjustment of the conversion rate in such events as the board of directors may determine;

- whether or not the shares of that series will be redeemable, and, if so, the terms and conditions of such redemption;
- whether that series will have a sinking fund for the redemption or purchase of shares of that series, and, if so, the terms and amount of such sinking fund;
- whether or not the shares of the series will have priority over or be on a parity with or be junior to the shares of any other series or class in any respect;
- the rights of the shares of that series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation, and the relative rights or priority, if any, of payment of shares of that series; and
- any other relative rights, preferences and limitations of that series.

Once designated by our board of directors, each series of Preferred Stock may have specific financial and other terms that will be described in a prospectus. The description of the Preferred Stock that is set forth in any prospectus is not complete without reference to the documents that govern the Preferred Stock. These include our certificate of incorporation and any certificates of designation that our board of directors may adopt.

All shares of Preferred Stock offered hereby will, when issued, be fully paid and nonassessable, including shares of Preferred Stock issued upon the exercise of Preferred Stock Warrants or subscription rights, if any.

Although our board of directors has no intention at the present time of doing so, it could authorize the issuance of a series of Preferred Stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt.

Election of Directors

Our Class I Directors hold office until the 2025 annual meeting of stockholders and are eligible for reelection at such meeting. Our Class II Directors held office until the 2026 annual meeting of stockholders and are eligible for reelection at such meeting. Our Class III Directors hold office until the 2027 annual meeting of stockholders and are eligible for reelection at such meeting. Directors are elected by a plurality of the votes cast at the annual meeting by the holders of common stock present in person or represented by proxy and entitled to vote at such meeting. There is no cumulative voting for directors.

Anti-Takeover Provisions

Our Amended and Restated Certificate of Incorporation contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

These provisions:

- create a staggered board of directors making it more difficult for stockholders to remove a majority of the board of directors and take control;
- grant the board of directors the ability to designate the terms of and issue new series of Preferred Stock, which can be created and issued by the board of directors without prior stockholder approval, with rights senior to those of the common stock;
- impose limitations on our stockholders' ability to call special stockholder meetings; and
- make it more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.
